Wipe Out[®]

SPRAY TANK CLEANER

SN 031296

KEEP OUT OF REACH OF CHILDREN**CAUTION**

See Inside Panel for Additional Precautionary Statements.

PRECAUTIONARY STATEMENT**CAUTION****BEFORE USING THIS PRODUCT READ ALL PRECAUTIONS, DIRECTIONS FOR USE, CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES.**

Harmful if swallowed inhaled or absorbed through the skin. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, or clothing. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. In addition, follow precautionary statements on the accompanying pesticide(s) label. For help in chemical emergencies involving spill, leak, fire or exposure, call toll free 1-800-424-9300.

WHAT TO DO IN CASE OF CONTACT:

IF IN EYES: Immediately flush eyes with clean water for at least 15 minutes. See a physician.

IF SWALLOWED: Dilute with 2 glasses of water, contact physician immediately. Do not give anything by mouth to an unconscious person.

IF INHALED: Move victim to fresh air. Give artificial respiration if needed. See a physician.

IF ON SKIN: Remove contaminated clothing and wash skin with soap and water. Call a physician if irritation persists.

If there is accidental exposure to the spray solution containing pesticides, follow the "Statement of Practical Treatment/First Aid" on the pesticide label.

GENERAL INFORMATION

WIPEOUT[®] is a highly concentrated cleaner that penetrates and solubilizes agricultural chemical residues. **WIPEOUT[®]** will also help prevent contaminants from re-adhering to spray system surfaces during flushing. **WIPEOUT[®]** neutralizes acid residue and is formulated to counteract the detrimental effects of minerals commonly found in hard water. With the development of today's new low use-rate agricultural pesticide compounds, along with the increased usage of tank-mix applications, special attention should be given to cleaning the spray system thoroughly. To attain optimum results, clean spray system as soon as possible after usage, check hoses for leaks and aging, clean screens and nozzles thoroughly with **WIPEOUT[®]** solution, and make sure all pumps are clean as well as lid and outer tank.

SUGGESTED USE RATE

LARGE VOLUME SPRAYERS—USE RATE: 400:1 ratio (1 gallon of **WIPEOUT[®]** to 400 gallons of water or 1 quart of **WIPEOUT[®]** to 100 gallons of water). Adjust the solution rate as needed for individual conditions. Older poly tanks or dirty tanks will require a stronger solution. If the foam in the treated solution begins to dissipate, add more **WIPEOUT[®]** to increase the solution's cleaning strength. Circulate the **WIPEOUT[®]** treated solution throughout the spray system for 10-15 minutes. Use a high pressure sprayer or hose to clean then re-circulate. Purge hoses, spray lines and nozzles for at least 1 minute with the cleaning solution. After cleaning, drain and flush entire system, including nozzles, with clean water.

HAND HELD SPRAYERS—USE RATE: 1 ounce of **WIPEOUT[®]** per gallon of rinse water. Agitate thoroughly, drain and follow with clean water rinse.

SPECIAL PRECAUTIONS/RINSATE TESTING

The use of **WIPEOUT[®]** or other tank cleaners does not guarantee the removal and/or neutralization of all residues. Some pesticides such as 2,4-D and Dicamba, may leave persistent or hard to remove residues. Due to many variables that exist which make consistent tank cleaning difficult (i.e., water quality, use of cleaning equipment, quantity and type of residue, the age, condition and type of spray tank, spray lines, nozzles, etc.), it is always suggested that operators test the final rinsate to ensure that no pesticide residue remains. This can be accomplished by the following test method: Retain a small sample of the final rinsate and apply it to one or more sensitive plants such as an ornamental flower, tomato or cotton plant. Observe the treated plant for 48 hours. If damage occurs, clean the spray system until the rinsate tests pesticide free.

STORAGE AND DISPOSAL

Store in original container only. Keep container tightly closed, do not allow water to be introduced into the contents of this container. Do not contaminate water sources by runoff from cleaning of equipment, disposal of equipment washwaters or spray waste. Do not store near heat or open flame.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and add rinsate to spray tank, then offer for recycling or reconditioning, or puncture and dispose of according to state and local authorities. If burned, stay out of smoke.

ENVIRONMENTAL HAZARDS

Do not contaminate water sources by cleaning of equipment or disposal of rinsate.

CONDITIONS OF SALE—LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale—Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full price will be refunded.

The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Helena Chemical Company (the "Company") or the seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law.

The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Helena Chemical Company's election, one of the following:

1. Refund of the purchase price paid by buyer or user for product bought, or
2. Replacement of the product used

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
